# Publications of the European Communities

## 1984

### Introductory note

This catalogue includes all the publications, including periodicals, issued during the year by the institutions of the European Communities. Publications of which English versions have been issued are listed only in that language; otherwise another version, but only one, is included, in the following order of choice:

French	Spanish
German	Portuguese
Italian	Greek
Dutch	others
Danish	

Where other language versions also exist, cross-references are provided by means of a code (those codes should not be used for ordering purposes): e.g. IT 80-247, appearing within an entry, means that the Italian version is described in the Italian catalogue for 1980 at sequence number 247. Sequence numbers are printed consecutively on the left hand side of full entries in the classified list.

### Arrangement

The catalogue is divided into three parts, as follows:

**Part I — The classified list** provides a subject classification of the titles included under 20 headings each divided into subheadings (see p. 4).

Under each subheading, monographs and series are listed first in alphabetical order; there then follows a similar list of periodical titles.

Full entries for monographs and series appear only once; otherwise cross-references are given to the full entries identifying them by the sequence numbers already described. Periodical titles appear in the classified list only as cross-reference entries, full entries being found in Part II.

**Part II — Periodicals** presents full details of each current Community periodical, listed alphabetically.

**Part III — The alphabetical index** provides keys to the monographs and series included in Part I, identifying them by the sequence numbers already mentioned.

### How to obtain publications

Publications may be priced for sale, gratis, or of limited distribution. Those of the last two classes may be obtained from the issuing institutions, or, where they are published by the Information Offices of the Commission, from those offices, whose addresses are given in the lists on pp. 5 and 7. Publications of limited distribution are, however, generally only for the attention of governments of Member States, Community departments and other authorities concerned.

Orders for priced publications should be directed to the Sales Offices listed on the last page.

All orders should quote the full title, as well as the ISBN or ISSN where such a number precedes the prices in the catalogue.

### Abbreviations and conventional signs

The text languages of publications are indicated by the following abbreviations:

DA	Danish	GA	Irish
DE	German	IT	Italian
GR	Greek	NL	Dutch
EN	English	ES	Spanish
FR	French	PT	Portuguese

A string of such symbols separated by diagonal strokes denotes a publication in which different language versions of the same text appear under one cover.

The abbreviation 'multi' indicates a publication with a mixed multilingual text.

Prices, which exclude any value-added tax which may be chargeable, are fixed in various currencies, using the following abbreviations:

BFR	Belgian franc	HFL	Dutch guilder
DKR	Danish crown	IRL	Irish pound
DM	German mark	LIT	Italian lira
DR	Greek drachma	PTA	Spanish peseta
ESC	Portuguese escudo	UKL	Pound sterling
FF	French franc	USD	US dollar
